Innovation for Better Life

Caring for you,

every step of the way.

PAIN & INFLAMMATION

TABLETS

ZYLO-SP

Analgesic and anti-inflammatory combination with an enzyme adjunct for inflammatory swelling.

COMPOSITION PER TABLET

Aceclofenac IP	100 mg

Analgesic and anti-inflammatory action.

Paracetamol IP	325 mg

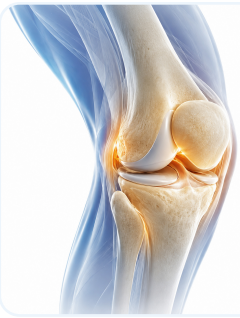

Additional analgesic and antipyretic action.

Serratiopeptidase IP	15 mg

Enzyme adjunct for inflammatory swelling.

INDICATION

- Musculoskeletal pain and inflammation
- Joint pain and stiffness
- Soft-tissue injury and trauma
- Post-operative pain and swelling
- Painful inflammatory conditions
- Dental pain and associated swelling

FOCUS

Joint pain and swelling

GASTROENTEROLOGY

CAPSULES

ZYLOPAN-DSR

Acid suppression and prokinetic support for selected patients with reflux-related symptoms.

COMPOSITION PER CAPSULE

Pantoprazole	40 mg

Reduces gastric acid secretion and helps control acid-related symptoms.

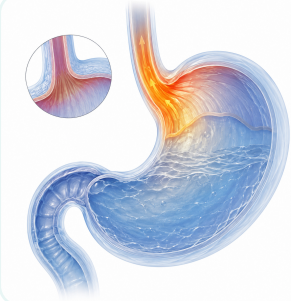

Domperidone SR	30 mg

Supports gastric motility for selected reflux-associated symptoms.

Pantoprazole as enteric-coated pellets; domperidone as sustained-release pellets.

INDICATION

- Gastroesophageal reflux disease (GERD)
- Acid reflux / heartburn
- Selected acid-related dyspeptic or reflux-associated symptoms
- Reflux-associated regurgitation, nausea and post-meal fullness

FOCUS

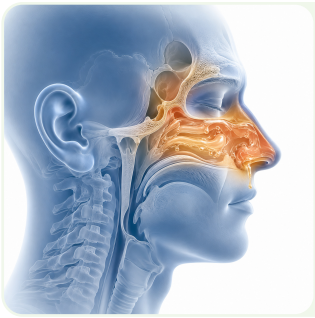

Acid reflux and heartburn

RESPIRATORY & ALLERGY

TABLETS

ZYMONT-L

FOCUS

Allergic rhinitis

Montelukast and levocetirizine for allergic rhinitis symptom management in appropriate patients.

INGREDIENTS

Montelukast

Leukotriene receptor antagonist that helps reduce leukotriene-mediated effects.

Levocetirizine

Antihistamine that helps relieve histamine-mediated allergy symptoms.

INDICATION

Allergic rhinitis symptoms:

- **Sneezing**
- **Nasal itching**
- **Runny nose**

PAIN & INFLAMMATION

TABLETS

ZYLO-MR

FOCUS

Neck and muscle spasm

Analgesic and anti-inflammatory combination with a muscle relaxant for pain associated with muscle spasm.

COMPOSITION PER TABLET

Aceclofenac IP	**100 mg**

NSAID with analgesic and anti-inflammatory activity.

Paracetamol IP	**325 mg**

Analgesic and antipyretic action.

Chlorzoxazone USP	**250 mg**

Centrally acting muscle relaxant for muscle spasm.

INDICATION

- **Acute muscle spasm and associated pain**
- **Low back pain**
- **Sprains and strains**
- **Musculoskeletal pain and stiffness**
- **Painful conditions where muscle spasm is present**

PAIN & INFLAMMATION

TABLETS

ZYLO-P

Dual-ingredient formulation for symptomatic management of acute pain and inflammation.

COMPOSITION PER TABLET

Aceclofenac IP	100 mg

Analgesic and anti-inflammatory action.

Paracetamol IP	325 mg

Analgesic and antipyretic action.

INDICATION

- Musculoskeletal pain
- Osteoarthritis-associated pain
- Rheumatoid arthritis-associated pain
- Low back pain
- Dental pain
- Muscle and joint pain

FOCUS

Low back pain

ANTI-INFECTIVES

TABLETS

ZYLOFIX 200

Oral third-generation cephalosporin for physician-directed treatment of susceptible bacterial infections.

COMPOSITION PER TABLET

Cefixime IP	200 mg

Inhibits bacterial cell-wall synthesis.

Equivalent to anhydrous cefixime.

INDICATION

- Upper respiratory tract infections
- Pharyngitis and tonsillitis
- Otitis media
- Lower respiratory tract infections / bronchitis
- Urinary tract infections
- Other infections caused by susceptible organisms

FOCUS

Upper respiratory tract

ANTI-INFECTIVES

TABLETS

ZYROM 500

FOCUS

Lower respiratory tract

Macrolide antibacterial for selected mild-to-moderate infections caused by susceptible organisms.

COMPOSITION PER TABLET

Azithromycin	500 mg

Macrolide antibacterial for selected susceptible bacterial infections.

INDICATION

- Acute bacterial exacerbations of chronic bronchitis
- Acute bacterial sinusitis
- Community-acquired pneumonia in appropriate patients
- Pharyngitis / tonsillitis as an alternative to first-line therapy in appropriate patients
- Uncomplicated skin and skin-structure infections

ANTI-INFECTIVES

TABLETS

ZYCLAV-CV 625

FOCUS

Ear, nose and throat

Amoxicillin with a beta-lactamase inhibitor for appropriate susceptible bacterial infections.

COMPOSITION PER TABLET

Amoxicillin	500 mg

Antibacterial agent that inhibits bacterial cell-wall synthesis.

Clavulanic Acid	125 mg

Beta-lactamase inhibitor that helps protect amoxicillin from degradation by susceptible beta-lactamase enzymes.

INDICATION

- Respiratory tract infections
- Ear, nose and throat infections
- Skin and soft-tissue infections
- Urinary tract infections
- Other susceptible bacterial infections

NUTRITIONAL SUPPORT

TABLETS

ZYLO-MB

FOCUS

Normal nerve function

Nutritional support for normal nerve function, energy metabolism and vitamin B12 supplementation.

COMPOSITION PER TABLET

Methylcobalamin	1500 mcg
Benfotiamine	100 mg
Pyridoxine HCl	3 mg
Folic Acid	1.5 mg
Alpha Lipoic Acid	100 mg

INDICATION

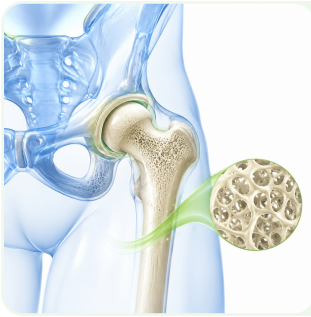

- Normal nerve function
- Normal energy metabolism
- Nutritional supplementation where vitamin B12 intake may be inadequate
- Antioxidant support
- Nutritional balance and overall nutritional wellbeing

NUTRITIONAL SUPPORT

ORAL DROPLETS

ZYCAL-D3

FOCUS

Normal bone support

Ready-to-drink, sugar-free vitamin D3 nano shots for physician-guided supplementation.

COMPOSITION PER 5 ML

Cholecalciferol (Vitamin D3) IP	60,000 IU

Supports calcium absorption and maintenance of normal bones and muscles.

Nano-droplet, ready-to-drink formulation. Sugar-free; butterscotch flavour.

INDICATION

- Physician-guided vitamin D3 supplementation
- Supports calcium absorption
- Maintenance of normal bones and muscles

NUTRITIONAL SUPPORT

SOFTGEL CAPSULES

ZYVIT

Multivitamin and multimineral soft gelatin capsules for routine adult nutritional supplementation.

FOCUS

Daily nutritional support

COMPOSITION PER SOFTGEL

NUTRIENT	STRENGTH
Vitamin A (Retinyl Palmitate)	480 mcg
Vitamin D3 (Cholecalciferol)	2.5 mcg
Vitamin B1 (Thiamine Mononitrate)	1 mg
Vitamin B2 (Riboflavin)	1 mg
Vitamin B6 (Pyridoxine HCl)	0.5 mg
Vitamin B12 (Cyanocobalamin)	0.5 mcg
Nicotinamide (Vitamin B3)	5 mg
Calcium Pantothenate	1 mg
Folic Acid	50 mcg
Calcium (Dibasic Calcium Phosphate)	110 mg
Magnesium (Magnesium Oxide)	51 mg
Manganese (Manganese Sulphate)	0.7 mg
Copper (Cupric Sulphate)	0.3 mg
Iodine (Potassium Iodide)	75 mcg
Molybdenum (Sodium Molybdate)	45 mcg
L-Glutamic Acid	5 mg

INDICATION

- Broad-spectrum daily multivitamin and multimineral support
- Routine nutritional supplementation for adults
- Nutritional support where dietary intake may be inadequate

RESPIRATORY & ALLERGY

SYRUP

ZYLOCOF-DX

FOCUS

Dry cough

Antitussive and antihistaminic formulation for dry cough and associated allergic symptoms.

COMPOSITION PER 5 ML

Dextromethorphan HBr	10 mg

Helps suppress dry, irritating and tickly cough.

Chlorpheniramine Maleate	2 mg

Antihistaminic action for associated sneezing and runny nose.

INDICATION

- Symptomatic relief of dry, irritating and tickly cough
- Associated allergic symptoms, including sneezing and runny nose

RESPIRATORY & ALLERGY

SYRUP

ZYLOCOF-LS

FOCUS

Productive cough and mucus

Expectorant, mucolytic and bronchodilator combination for productive cough with mucus and bronchospasm.

COMPOSITION PER 5 ML

Ambroxol HCl	30 mg

Helps thin and loosen thick mucus.

Guaifenesin	50 mg

Supports expectoration and clearance of mucus.

Levosalbutamol	1 mg

Bronchodilator action to help open the airways.

INDICATION

- Productive cough with thick / tenacious mucus
- Productive cough associated with bronchospasm
- Associated wheezing
- Associated chest congestion

GASTROENTEROLOGY

INJECTION

ZYLOPAN-IV

Short-term intravenous acid suppression for adults when oral therapy is not appropriate.

COMPOSITION PER VIAL

Pantoprazole Sodium	40 mg

Proton pump inhibitor for short-term intravenous acid suppression.

Equivalent to pantoprazole 40 mg. For intravenous use.

INDICATION

- GERD with erosive esophagitis in adults
- Pathological hypersecretory conditions, including Zollinger-Ellison syndrome
- Short-term IV acid suppression when oral therapy is not appropriate

FOCUS

Clinical acid suppression

PAIN & INFLAMMATION

INJECTION

ZYLODIC

Parenteral NSAID option for acute pain and inflammation when injectable therapy is clinically appropriate.

COMPOSITION PER 1 ML

Diclofenac Sodium	75 mg

NSAID with analgesic and anti-inflammatory action.

INDICATION

- Acute musculoskeletal pain
- Post-operative pain
- Acute inflammatory conditions
- Pain associated with arthritis

FOCUS

Acute musculoskeletal pain

ANTISPASMODIC

INJECTION

ZYLOSPAS

Injectable antispasmodic for symptomatic relief of acute smooth-muscle spasm.

COMPOSITION PER 1 ML

Hyoscine Butylbromide	20 mg

Antispasmodic for symptomatic relief of acute smooth-muscle spasm.

INDICATION

- Acute abdominal and gastrointestinal spasms
- Intestinal / bowel colic
- Biliary tract spasm
- Renal colic
- Spasm associated with certain diagnostic procedures

FOCUS

Gastrointestinal spasm

ANTI-INFECTIVES

INJECTION

ZYLOKACIN

Aminoglycoside antibacterial for serious infections caused by susceptible organisms.

COMPOSITION PER 2 ML

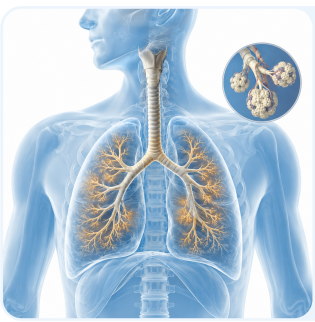

Amikacin Sulphate IP	500 mg

Inhibits bacterial protein synthesis in susceptible organisms.

Equivalent to amikacin 500 mg per 2 mL.

INDICATION

- Serious respiratory tract infections
- Septicaemia / bloodstream infections
- Complicated urinary tract infections
- Intra-abdominal infections
- Bone and joint infections
- Skin and soft-tissue infections
- Other serious infections caused by susceptible organisms

FOCUS

Respiratory infection

ANTI-INFECTIVES

INJECTION

ZYCEF-1G

Parenteral third-generation cephalosporin for susceptible bacterial infections.

COMPOSITION PER VIAL

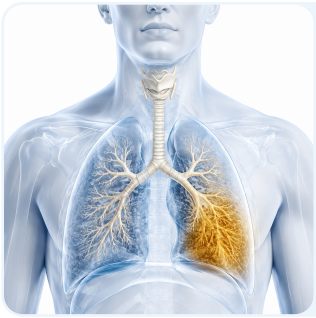

Ceftriaxone Sodium IP	1 g

Inhibits bacterial cell-wall synthesis in susceptible organisms.

Equivalent to ceftriaxone 1 g.

INDICATION

- Respiratory tract infections and pneumonia
- Urinary tract infections
- Skin and soft-tissue infections
- Intra-abdominal infections
- Bone and joint infections
- Septicaemia / bloodstream infections
- Meningitis and other serious susceptible bacterial infections
- Peri-operative infection prophylaxis where appropriate

FOCUS

Lower respiratory infection

ANTI-INFECTIVES

INJECTION

ZYLOCEF 500 mg

Ceftriaxone 500 mg for parenteral treatment of susceptible bacterial infections.

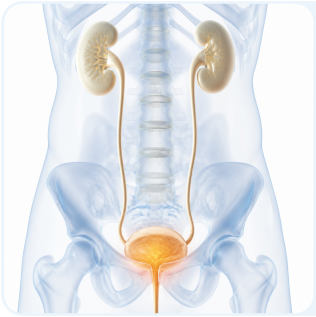

COMPOSITION PER VIAL

Ceftriaxone	500 mg

Third-generation cephalosporin for susceptible bacterial infections.

INDICATION

- Lower respiratory tract infections
- Skin and skin-structure infections
- Urinary tract infections
- Intra-abdominal infections
- Septicaemia
- Bone and joint infections
- Meningitis
- Surgical prophylaxis where appropriate

FOCUS

Urinary tract infection

THE ZYLONEX PROMISE

Built on trust.

Three commitments. One purpose: better healthcare.

WHO GMP
PRINCIPLES

Rooted in Global Standards

We build trust through responsible manufacturing. At Zylonex, our commitment is to work with partners who follow WHO-GMP principles and recognised pharmaceutical standards. Careful sourcing, sound documentation and attention to consistency guide the quality we seek in every product we deliver.

TRUST WE BUILD

High-Quality Pharmaceuticals

Quality is at the heart of Zylonex. We are committed to dependable formulations, rigorous quality processes and continual improvement across our pharmaceutical range. By combining scientific care with responsible product stewardship, we aim to support healthcare professionals and patients with medicines they can trust.

SCIENCE WE BELIEVE

Health at the Core

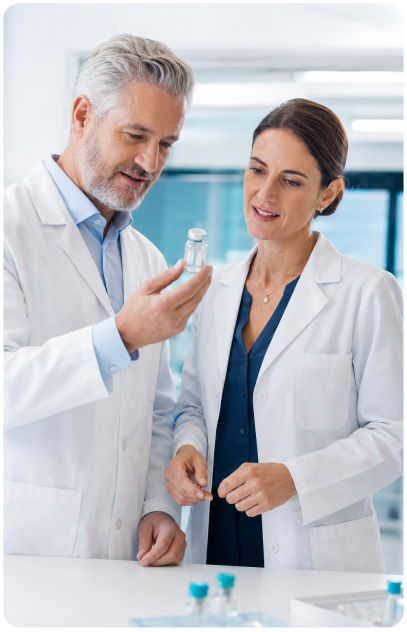

At Zylonex, healthcare starts with people. Compassion, clear information and access to appropriate medicines shape our commitment to care. Through health awareness, responsible use and meaningful partnerships, we aim to support healthier families and communities, building trust at every step.

CARE WE DELIVER

Next-Gen Healthcare Solutions
Innovation for Better Life

Guided by purpose.

VALUES / VISION / MISSION

Our Values

Quality First

We put product safety, efficacy and consistency first, guided by rigorous quality processes and responsible standards.

Integrity

We believe in transparent, ethical business practices and long-term relationships built on trust and accountability.

Innovation

We embrace research, technology and continuous improvement to bring forward new and effective healthcare solutions.

Customer Focus

We listen, respond and deliver with the goal of exceeding expectations and building lasting partnerships.

Our Vision

To be recognised as a next-generation pharmaceutical brand that pairs science and care to create a healthier future for all.

THE FUTURE WE ENVISION

Our Mission

To make trusted, high-quality medicines accessible - supporting better clinical outcomes with formulations that meet modern healthcare needs.

THE PURPOSE WE PURSUE

Next-Gen Healthcare Solutions

Innovation for Better Life

Grow together.

WITH ZYLONEX REWARDS

WASHING MACHINE

MINIMUM ORDER VALUE

₹48,000

Eligibility: Buy products worth ₹48,000 and receive this gift.

Oven Toaster Griller

MINIMUM ORDER VALUE

₹10,000

Gift: Multi-Function Oven Toaster Griller

Eligibility: Buy products worth ₹10,000 and receive this gift.

Dry Electric Iron

MINIMUM ORDER VALUE

₹4,000

Gift: Lightweight Non-Stick Teflon-Coated Dry Electric Iron

Eligibility: Buy products worth ₹4,000 and receive this gift.

Insulated Water Bottle

MINIMUM ORDER VALUE

₹2,000

Gift: Milton Insulated Steel Water Bottle

Eligibility: Buy products worth ₹2,000 and receive this gift.

Mixer Grinder

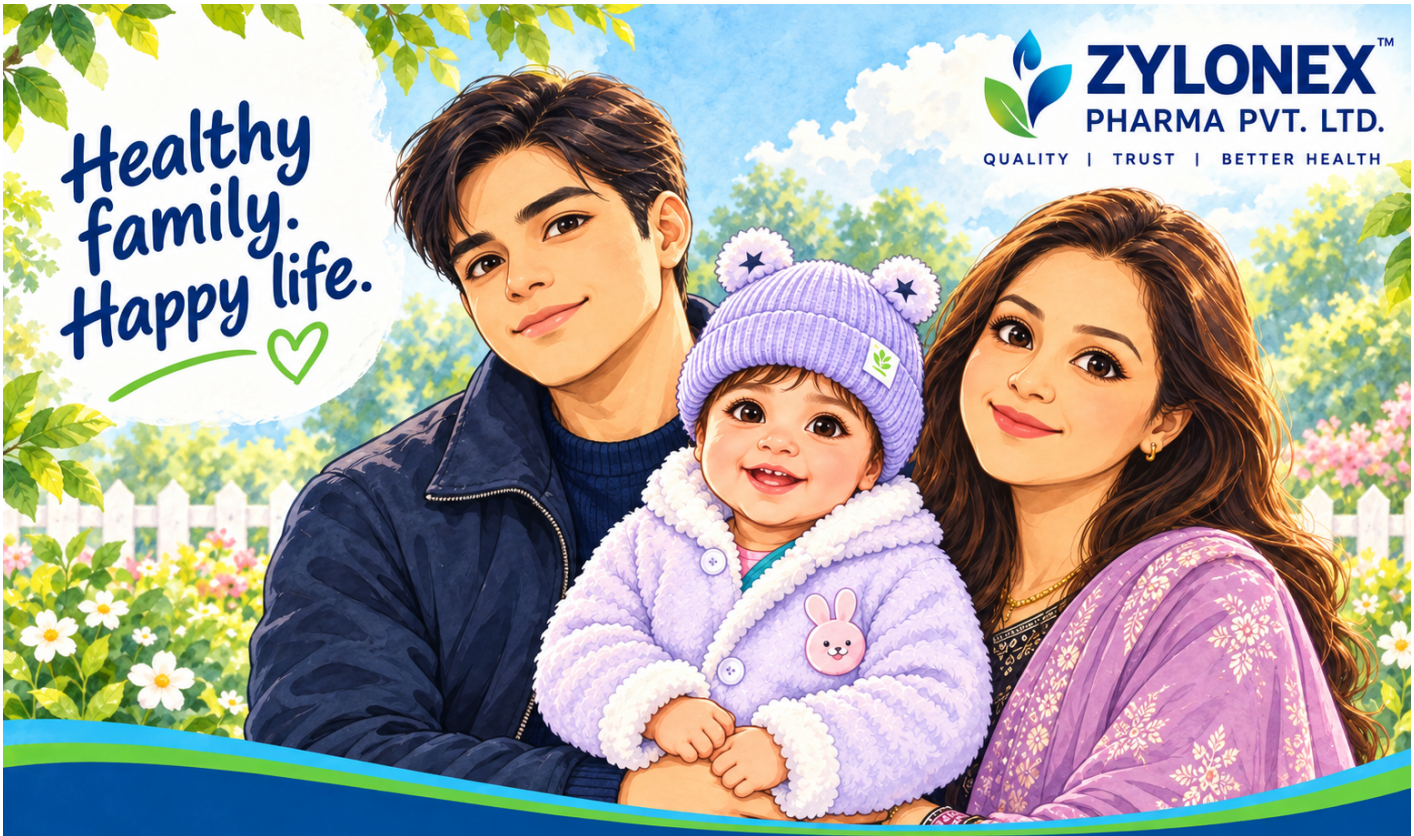

MINIMUM ORDER VALUE

₹15,000

Gift: Mixer Grinder with 3 Multipurpose Jars

Eligibility: Buy products worth ₹15,000 and receive this gift.

Note: Gifts will be dispatched only upon receipt of full payment against the eligible order value.

WITH GRATITUDE

Thank you, Doctor.

Your care brings hope.
Your compassion makes a difference.

Thank you for your dedication to patients and families,
and for the trust you place in Zylonex.

Together, we look forward to a healthier tomorrow.
